NRSG 348. Development for Professional Practice (3). This course focuses on socialization and development into professional nursing roles including the nurse as professional, advocate, leader, provider and coordinator/collaborator of care. The course also focuses on the nursing process using an eclectic theoretical model and discussion of selected issues in professional practice. Students are expected to utilize critical thinking skills to address the concepts of this course. [Prereq: nursing major; junior standing or above. Coreq: NRSG 390.]

NRSG 350. Pathophysiology for Nursing Practice (3). This course builds upon the student’s prior knowledge of disease processes throughout the lifespan including cellular function and integrative body functions. The course focuses on the pathophysiologic rationale for nursing interventions. [Prereq: nursing majors, junior standing or above. Coreq: NRSG 372.]

NRSG 372. Health Assessment & Promotion Across the Lifespan (3). Introduces principles related to conducting a complete health assessment. Concepts include: history taking, physical examination, diagnostic testing, health promotion and patient education. [Prereq: nursing majors, junior standing or above. Coreq: NRSG 350.]

NRSG 390. Nursing Informatics & Information Literacy and Competency (3). Introduction to nursing information literacy and information science and information systems. Research skills to strengthen evidence-based practice for consumer-centered computer-supported care. [Prereq: nursing majors, junior standing or above. Coreq: NRSG 348.]

NRSG 460. Nursing Leadership & Management Dynamics (3). Review and analysis of principles related to organizational theory, socioeconomic political trends and healthcare delivery systems. Focus on managing comprehensive care coordination in at risk, rural, and or vulnerable populations. [Prereq: NRSG 348, NRSG 350, NRSG 372, NRSG 390, nursing majors, junior standing or above. Coreq: HED 451, NRSG 490.]

NRSG 470. Community/Public Health Nursing (3). Apply a synthesis of nursing theories and public health science to assessment and health promotion in at risk and vulnerable communities and aggregates. [Prereq: NRSG 348, NRSG 350, NRSG 372, NRSG 390, nursing majors, junior standing or above. Coreq: NRSG 471.]
