The Master’s Degree

Degree Programs
Humboldt State University is authorized to offer the following programs. Detailed requirements for each program appear in the next section of this catalog.

Master of Arts degree with majors in:
- Applied Anthropology*
- Education*
- English: Applied English Studies
- Psychology
- Public Sociology
- Social Science: Environment & Community

Master of Science degree with majors in:
- Biology
- Environmental Systems
- Kinesiology
- Natural Resources

Master of Business Administration degree

Master of Social Work degree

Admission Procedures & Policies

Admission Requirements. See “Graduate Admission Requirements” on page 36.

Application Procedure. See “Graduate & Post-Baccalaureate Application Procedures” on page 30.

Candidacy

Admission to candidacy is an acknowledgement of a student’s potential to complete the requirements for the master’s degree. Students should apply for advancement to candidacy and graduation at least one semester prior to completion of course requirements. Some programs require earlier application. A student must be enrolled in the semester during which advancement to candidacy takes place.

Candidacy Requirements
- Graduate classified standing (fulfilled all program admission requirements);
- A GPA of 3.00 or better;
- Completion of 12 to 15 units approved coursework for the master’s program;
- Approval of the advisor, committee, and graduate coordinator; and
- Approval of any plan to use humans or animals as subjects in research if applicable. (See “Use of Human Subjects in Research” or “Use of Animals in Research” in the Graduate Student Handbook for more information.)

Forms are available on the HSU Forms website. Some programs require their students to advance to candidacy within their first year at HSU.

Graduate Degree Requirements

General requirements for the master’s degree programs as specified by Title 5 are below. Discipline-specific requirements are outlined in the program description section of this catalog.

Completion of a specified program of study, usually requiring approval from the university department.

Completion of a minimum of 30 semester units of approved coursework within a maximum of seven years. (See “Seven-Year Limit”.) This standard includes:
- 21 or more semester units must be completed at Humboldt State University, after admission to the graduate program (resident requirement);
- At least half the units must be at the graduate level (500-600 level);
- lower division course (100-200 level) cannot be counted toward the degree;
- No more than six thesis or project units will apply toward the degree with a maximum of nine total units for independent study, field work, and thesis/project courses.
- No more than nine units of Open University/Special Session courses will apply toward the degree

B- or better in all courses taken to satisfy the requirements for the degree and maintain a grade point average of 3.00 or better. A higher grade standard than the campus minimum of B- may be specified by a graduate degree program.

Completion of an approved thesis, project, or comprehensive examination, as defined by Title 5:

A thesis is the written product of a systematic study of a significant problem. It identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendation. The finished product evidences originality, critical and independent thinking, appropriate organization and format, and thorough documentation. Normally, an oral defense of the thesis is required.

A project is a significant undertaking appropriate to the fine and applied arts or to professional fields. It evidences originality and independent thinking, appropriate form and organization, and a rationale. It is described and summarized in a written abstract that includes the project’s significance, objectives, methodology and a conclusion or recommendation. An oral defense of the project may be required.

A comprehensive examination assesses a student’s ability to integrate knowledge of the area, show independent and critical thinking, and demonstrate mastery of the subject matter. The results evidence independent thinking, appropriate organization, critical analysis, and accuracy of documentation. Examination questions and responses are kept according to the CSU records retention policy.

The California State University, under Executive Order 665, requires that graduate students demonstrate competency in writing. The graduate writing requirements are built into each program.

Graduate Financial Aid

Placement in one or another of the post-baccalaureate admission categories has an effect on student eligibility for financial aid. Contact the Financial Aid Office, 707-826-4321, for clarification of eligibility.

Academic Probation & Disqualification

Graduate students, including those who are classified or conditionally classified, will be placed on academic probation if their Humboldt grade point average falls below a 3.00 (B grade average). See “Academic Probation & Disqualification” on page 42.

Administrative-Academic Probation and Disqualification

See “Administrative-Academic Probation & Disqualification” on page 43. All the reasons for administrative-academic probation and
disqualification for undergraduate students shall apply to graduate students. In addition:

1. Students may be placed on administrative-academic probation by the Dean of Graduate Studies, following a request from the program/department and consultation with other appropriate offices, for failure to comply, after due notice, with a requirement or regulation, as defined by campus or program policy which is routine for all students or a defined group of students [e.g., demonstrating consistently disruptive behavior, hostile or abusive behavior; failure to advance to candidacy; failure to abide by standards set by approved external placements, etc.]. The probationary student shall be informed in writing by the graduate dean (with a copy provided to the department/program).

2. The Dean of Graduate Studies shall inform the Office of the Registrar when students have been placed on or removed from administrative-academic probationary status so that student records can be updated. When a student is placed on academic or administrative-academic probation, the student must work with the program coordinator to develop a plan for remediation, including a timeline for completion. In the case of administrative-academic probation, the remediation plan must be approved by the Dean of Graduate Studies, who will send a letter to the student documenting the plan. A student cannot be advanced to candidacy if the student is on either academic or administrative-academic probation.

A student who has been placed on administrative-academic probation may be disqualified from further attendance by the Dean of Graduate Studies if any of the conditions for disqualification apply. In addition:

In the event that a student fails the thesis/project defense, the student may repeat the thesis/project defense once. Failure at the second thesis/project defense will result in disqualification from a program. The thesis/project committee will specify the time period and/or conditions of the repeated defense. A student may repeat a comprehensive examination once. Failure of the second comprehensive examination results in disqualification from a program. The comprehensive exam committee will specify the time period and/or conditions of the repeated examination. Students who are disqualified at the end of an enrollment period should be notified by the Dean of Graduate Studies before the beginning of the next consecutive regular enrollment period.

Students disqualified at the beginning of a summer enrollment break should be notified at least one month before the start of the fall term. In cases where a student ordinarily would be disqualified at the end of a term, save for the fact that it is not possible to make timely notification, the student may be advised that the disqualification is to be effective at the end of the next term. Such notification should include any conditions which, if met, would result in permission to continue in enrollment. Inability to contact a student does not create the right of a student to continue enrollment.

Continuous Enrollment

In order to maintain continuous enrollment, students are required to enroll for a minimum of one unit per term for at least two terms per academic year (fall, spring, summer) until their degree requirements are completed. Students who do not maintain continuous enrollment (two terms each academic year), and who have not been granted a leave of absence, must reapply for admission to the university and to the graduate program. They will be subject to any new admission requirements and if admitted, will be required to meet the degree requirements in effect at the time of readmission.

Educational Leave of Absence

An educational leave of absence must be requested if continuous enrollment, as defined above, will be interrupted. At least one term must be completed prior to taking a leave of absence. The maximum duration of a single leave is one academic year; the total duration of combined leaves may not exceed two years. A leave of absence does not extend the seven-year time limit. See Academic Regulations, “Educational Leave (Leave of Absence)” on page 45.

Extended Education

Some departments allow master’s students to register for one unit of a discipline-specific x693 course through the Extended Education. Enrollment in the discipline-specific x693 course maintains continuous enrollment and status in the master’s degree program.

The minimum requirements to be eligible to enroll through Extended Education:

- Advancement to candidacy;
- Completion of all the coursework required for the degree; and
- Current graduation date on file with the Office of the Registrar.

The Graduate Continuous Enrollment form is used to request authorization to enroll in one unit of discipline-specific x693 course through Extended Education. Forms are available online on the HSU Forms website forms.humboldt.edu.

This policy does not apply to credential candidates.

Additional requirements for registering through extended education vary by program.

Seven-Year Limit

Title 5 Education of the California Administrative Code of Regulations limits the maximum time for completing a master’s degree program to seven years. The seven years is calculated from the time of completion of the oldest course listed on the Approved Graduate Course List. An extension may be granted if warranted by individual circumstances and if the outdated coursework is validated by examination. See the Graduate Student Handbook for additional information.

Graduation

Students apply for graduation at the same time as they apply for advancement to candidacy. The dual application initiates a degree check to ensure that the coursework listed meets the requirements of the master’s degree program.

The graduate student application for graduation should be filed at least one semester before finishing all degree requirements. Forms are available online on the HSU Forms website forms.humboldt.edu. View deadlines at registrar.humboldt.edu/academic-deadlines.
