Bachelor of Science degree with a major in Kinesiology —
with concentrations in:
Exercise Science/Health Promotion
Physical Education Teaching
Pre-Physical Therapy

Minor in Health Education

Minor in Kinesiology

Master of Science degree in Kinesiology —
Advanced study to prepare graduate students for doctoral and professional programs and careers in the promotion of physical activity.

Single Subject Credential  [see Physical Education Teaching Concentration leading to a single subject credential]

Department Chair
Justus Ortega, Ph.D.

Department of Kinesiology & Recreation Administration
Kinesiology & Athletics 305
707-826-4536
kra.humboldt.edu

The BS Program
Students completing this program will have demonstrated the ability to:
• identify and explain the concepts of kinesiology
• analyze, synthesize, and evaluate relevant information from scientific literature to inform professional practice
• demonstrate effective written and oral communication for the discipline of kinesiology
• apply knowledge and skills from kinesiology to promote health and physical activity, and optimize performance among diverse populations.

Humboldt provides students with three new state-of-the-art laboratory facilities, including the human performance, biomechanics, and behavioral performance labs. A natatorium, plus two gymnasiastra, dance studio, an all-weather track and field, cross-country trails, stadium, and two playing fields round out the facilities. In addition to their academic coursework, students develop their skills through fieldwork and practicum experiences in their areas of study.

Preparation
High school students should take the college preparatory program plus biology, math, anatomy, and physiology. Participation in intercollegiate sports, physical activities, and a computer course are encouraged.

REQUIREMENTS FOR THE MAJOR
For a description of degree requirements to be fulfilled in addition to those listed below for the major, please see “The Bachelor’s Degree” section of the catalog, pp. 67-82. The Upper Division Area B General Education requirement is met by the coursework within the Bachelor of Science degree for Kinesiology.

Unit Requirements

Core Courses $35-36$
Concentration units: $33-38$
Total units in the major: $68-74$
Total units required for the degree: $120$

Special Grade Requirement
Students must earn a C- or better in all required courses for the major that have a KINS, ZOOL, REC, or HED prefix (or their equivalent, in the case of courses transferred from another institution).

Core Courses (35-36 units)

*Students in the Pre-Physical Therapy concentration must take BIOL 105.

Students in the Exercise Science/Health Promotion or Physical Education Teaching concentrations may take BIOL 104 or BIOL 105.

Concentrations (33-38 units)
Complete one of the following concentrations to fulfill the requirements of the major:

Exercise Science/Health Promotion Concentration (33 units)
Prepare for careers in adult fitness; cardiac rehabilitation; strength and conditioning; corporate, community, and commercial health/fitness programs; and for graduate study in exercise science/exercise physiology. The curriculum also helps to prepare students to sit for recognized professional certification examinations offered by the American College of Sports Medicine and the National Strength and Conditioning Association.

Kinesiology Core: 35-36 units + Exercise Science Health Promotion Concentration 33 units = 68-69 units for the major.

Lower Division
HED 231 (3) Basic Human Nutrition

Upper Division
KINS 325 (2) Health Related Exercise, or
KINS 339 (2) Group Exercise Instruction, or
KINS 456A (4) Fitness Assessment & Exercise Programming
KINS 456B (4) Fitness Assessment & Exercise Programming
KINS 460 (1) Human Performance Lab Techniques
KINS 482 (7) Internship in Kinesiology

Emphases (12 units)
Complete coursework selected in consultation with and approval of major advisor; Suggested coursework includes, but is not limited to:

Exercise Science Emphasis
KINS 425 (3) Strength & Conditioning
HED 342 (3) Nutrition for Athletic Performance
Select 6 units from KINS 480/580, 600-level courses and/or courses from the following Health Promotion Emphasis.

Health Promotion Emphasis
In consultation with an advisor, students may select courses that qualify them to sit for the Certified Health Education Specialist (CHES) examination.

HED 342 (3) Nutrition for Athletic Performance
HED 344 (3) Weight Control
Please note: Degree requirements listed above do not include the professional education courses required for a teaching credential. Students earning this degree may waive CSET assessments before entering the credential program. Before applying to the secondary education credential program, students must meet the prerequisite of 45-hours early field experience or enroll in KINS 490.

Pre-Physical Therapy Concentration (38 units)

Careers in the health care industry are increasing and completion of this concentration provides the academic requirements necessary to enter a graduate program for physical therapy or other health professions such as occupational therapy, nursing, physician assistant programs, medical school, or prosthetics and orthotics. Upper division electives built into the curriculum (upon consultation with and approval of their advisor) allow students the flexibility to take additional classes required for the graduate program(s) they are interested in attending.

Students also have the opportunity to gain more knowledge and experience in the physical therapy (and related) fields through a practica experience. During these placements in local physical therapy clinics and hospitals, students learn the basic skills to provide patient care and the essentials of evidence-based practice alongside physical therapists. In addition to being immersed in the field and accumulating observational hours needed to apply to graduate programs, students also attend presentations by current graduate students, physical therapists, and other health professionals, as well as workshops to help students' preparation for applying to graduate school.

Kinesiology core (36 units) + Pre-Physical Therapy Concentration (38 units) = 74 units for the major.

Lower Division (27 units)

CHEM 109 (5) General Chemistry I
CHEM 110 (5) General Chemistry II
PHYS 106F (4) Physics: Mechanics & Heat
PHYS 107 (4) Physics: Electromagnetism & Modern Physics
PSYC 104 (3) Introduction to Psychology
SOC 104 (3) Introduction to Sociology
STAT 108 (3) Elementary Statistics or

Please consult the department chair for current requirements.

Upper Division [11 units]

PSYC 438 (3) Dynamics of Abnormal Behavior, plus

Additional Classes Required for the Graduation Program (upon consultation with and approval of their advisor) allow students the flexibility to take additional classes required for the graduate program(s) they are interested in attending.

The Program

Students completing this program will have demonstrated the ability to:

- apply advanced concepts and theoretical constructs in kinesiology
- design and implement research in kinesiology
- critically analyze, evaluate, and synthesize the scientific literature in kinesiology
- interpret, evaluate, and apply the scientific literature in kinesiology to promote health and optimize performance among diverse populations.

Program Admission Requirements

Applicants must submit the names of three
references, including contact information, and a statement of intent with their application. Two admission options are available:

Postbaccalaureate
In addition to Humboldt State University requirements, the Department of Kinesiology and Recreation Administration requires the following criteria be met for admission to the program as a classified graduate student:

- a bachelor’s degree in Kinesiology or Exercise Science from an accredited institution, or equivalent. Students may be required to complete foundational coursework depending on their selected graduate program of study.
- a minimum undergraduate grade-point average (GPA) of 2.75 in the last 60 semester units (a 3.00 GPA is preferred).

In addition to Humboldt State University requirements, the Department of Kinesiology and Recreation Administration requires the following criteria be met for admission to the program as a classified graduate student:

- completion of the Graduate Record Examination (GRE) for verbal reasoning (148 minimum), quantitative reasoning (140 minimum), and analytical writing (3.5 minimum) must be submitted as part of the application process prior to admission.

A student may be conditionally admitted to the program if:

- The undergraduate degree is in a field other than Kinesiology or Exercise Science. Students will be required to complete 12-15 units of foundational coursework as approved by the graduate program coordinator. These courses must be satisfactorily completed with a grade of B- or better.
- The GRE scores or GPA are below the required minimum.

Four plus One (4+1) Program
(pre-baccalaureate)
A student can apply in the junior year after completion of at least 24 units of undergraduate coursework in Kinesiology, with a GPA of 3.25 or higher in KINS coursework.

International Student Addendum
International students must achieve a minimum TOEFL score of 550 (213 on computer-based test; 80 on internet-based test) that was received within two years of applying to HSU. The score must be sent to us directly by the Educational Testing Service (ETS), or a minimum IELTS score of 6.5 that was received within two years of applying to HSU. The score must be sent to us directly by the English Language Testing System (IELTS).

UNIT REQUIREMENTS FOR THE DEGREE (Master of Science)
For a description of degree requirements to be fulfilled in addition to those listed below see, “The Master’s Degree” section of the catalog, pp. B3-B4.

Unit Requirement
Total units for the degree: 33

Required Courses (9 units)
Complete the following courses:
KINS 610 (3) Statistics for Kinesiology
KINS 635 (3) Research Methods in Kinesiology
KINS 695 (3) Directed Field Experience, or
KINS 699 (3) Independent Study

In-Depth Area of Study (9 units)
Students select an in-depth area of study in consultation with a major advisor. Courses should support the student’s area of research and professional goals. These courses should be graduate level (500-699), with allowance for upper division level courses (300-499) on a case-by-case basis.

Directed Elective Courses (9 units)
Courses should support the student’s professional goals. These courses should be graduate level (500-699), with allowance for upper division level courses (300-499) on a case-by-case basis.

Capstone (6 units)
Complete one of the following options.

Thesis/Project Option
Recommended for those planning to attend a doctoral/advanced professional program or preparing for a research-based career; An oral defense of the thesis/project is required.
KINS 690 (1-6) Thesis Writing Seminar

Comprehensive Exam Option
Students in this option will complete a comprehensive written exam based on the focus of the curriculum.
KINS 691 (0) Comprehensive Exam and
Students in this option will complete an additional 6 units of coursework.
