

Major/Degree: Chemistry BS: Biochemistry

Units for the major: 88

Total: 120 units are required for a BS degree

Major Academic Plans (MAP) show a general recommended pathway to graduation. Meet with your major advisor each semester to discuss your progress and degree plan for future semesters. Consult the HSU catalog for complete list of major program courses. See the current schedule of classes for courses offered in General Education, American Institutions, and Diversity & Common Ground requirements. This MAP is based on the **2020-21** catalog.

Major: Chemistry BS: Biochemistry

### Notes

[1] Requirement: Complete LD GE A1, A2, A3 & B: Math with C- or higher in each course; Complete by 60 units earned.

[2] One American Institution course will also count for LD GE D.

[3] Science Lab Requirement: Take one science course with a lab.

[4] Complete 2 DCG courses, (one must be domestic) with courses that also meet GE.

[5] Credit earned for support course (MATH 1) does not count toward unit requirements for graduation, GE or major.

The CHEM BS meets the requirements for UD GE B.

CHEM 310, 410, and 410L are offered every other year (fall odd numbered years and spring even numbered years), so they may need to be taken in the junior year. Please see an advisor to discuss this situation
